Calling all car enthusiasts!!!

Since everyone is wanting to get out with their cars but shows have been postponed or canceled, here's an opportunity for you to get that classic, antique, rat rod, muscle car, sports car, exotic car or motorcycle out on the road!
Car Shows for Non Profits is organizing a cruise that will travel a route to Christiana Care Newark, Wilmington Hospital, Middletown Christian Care ER and several of their smaller sites within New Castle County.
It is important to remember you will remain in your car at all times to abide by the social distancing requirements.
An event page will be setup in the next few days on Facebook, but for now I would like to know how many participants will be driving the entire cruise or certain destinations along the way.
This will be in support of the COVID-19 Caregiver Support at Christiana Care. https://christianacare.org/donors/covid/
If you wish to help their cause, please feel free to donate a $1 or more to the barrels that will be displayed as we travel past the ChristianaCare venues.
The logistics are being worked out as of email and the tentative date will be Saturday, May 2, 2020 with a rain date of Sunday, May 3, 2020.
In order to determine how large of a staging area will be needed please answer the poll question below.

Do you plan to attend on Saturday, May 2, 2020 with a rain date of Sunday, May 3, 2020?

_____ YES

_____ NO

_____ Maybe I'll meet at a certain location

Send responses to carshows4nonprofits@gmail.com and ask for more information!

Let's make this a fantastic event that the community and ChristianaCare will never forget.

Happy Motoring!
